

1" SCHEDULE 40 ALUMINUM ROUND TUBE FRAME

The round tube aluminum frame has been used and proven in the most remote and extreme environments for water and oil containment. Now this frame is being introduced to the fire fighting market. This rugged frame proves to be the answer for many fire fighting situations. Along with the FOL-DA-TANK liner selections this new model will be a very valuable addition to rural fire departments and the U.S. Forest Service. **Call for pricing.**

Construction features include:

- Aircraft quality 1" schedule 40 aluminum round tube
- Caps on all open ends of the tubing—no sharp ends
- Hinge protectors—no more pinching
- Same weight as 1" square aluminum
- No square corners
- Heavy duty hinging
- Frame dimensions are 1/2" longer than 1" square alum, width is 10" and height remains the same at 29"
- Custom sizes available
